RECYCLING TIPS

- Toss your recyclables loosely into the bins without stuffing containers together.
- When you're recycling paper and boxes, fold and flatten them to save space.
- You don't have to remove lids or labels, just make sure your bottles and containers are clean and empty! A quick rinse is always appreciated.
- Recycling happens in more places than just your kitchen. Remember to recycle in all areas of your home.
- Don't put anything in your recycling bin that your municipality does not accept – check the Recyclepedia at SimplyRecycle.ca or at (include municipal web address).

PLASTIC BAG RECYCLING

In Manitoba, **plastic bags are not accepted** in your recycling bin. Fortunately, many retailers in Manitoba accept your used plastic bags. Remember, reduce your use of plastic bags by bringing a reusable option, reuse “single-use” bags for household garbage, pet waste and other items, and finally, recycle the ones already in your home.
